

Type Delta

Our Delta (corner!) apartments cover 40m² and are perfectly finished with black window sills, a beautiful floor and dark curtains for your well deserved night's sleep. Because of its location this apartment is bright and sunny all day. Your fully equipped kitchen assures you have everything you need to prepare yourself a vegan (or carnivorous) meal. Because these apartments have a wall kitchen, the area in front of it can be used for dining as well. Oven/microwave, extractor hood, fridge with freezer are included. In the hallway you will find a washing machine connection. A separate bed room gives you even more privacy for your nightly adventures. Your bathroom contains a walk-in shower, toilet and sink. A video intercom system allows you to see who's disturbing your well deserved rest at any given moment, if you like you can even let them in... or not... These apartment types have 'ArenA'-direction. Only 7 Delta Apartments available so be quick ;)
